DataShark

Wire your home and make connections like a Pro! The DataShark line of tools, testers and connectors provides everything you need to tackle wiring projects like moving TV outlets, upgrading computer wall jacks or building custom-length computer and video cables. The best part is that it is relatively simple,
affordable and you can do the job at your own convenience rather than working with someone else's schedule.

There are 3 basic steps to preparing the cable: cut, strip, crimp or terminate. DataShark offers all the tools needed to complete the job virtually hassle-free. You can choose one of our complete kits where we have pre-selected all of your tools and connectors or the products are also sold individually. DataShark completes the line with an assortment of connectors and testers to offer a complete solution.

CONTENTS

CUTTING AND STRIPPING TOOLS

Typically, the first step is to cut cable or wire to the specified length you need and to strip or remove the insulation from the outside of the cable to prepare it for the next step, terminating. You have your choice of multi-purpose tools that perform both cut and strip functions or you can select individual tools for each step.

ROUND CABLE CUTTER

- Cuts most round cable types – except steel conductor cable
- Works well with coaxial & twisted pair cables
- Locking mechanism for safe transport
- Carbon steel construction
- Non-slip handles

CAT# PA70001

COMBO CUTTER/STRIPPER FOR COAX & UTP

- Universal tool cuts and strips datacom cables including: Cat5, Cat5e & Cat6 networking; RG6, RG6 Quad, RG59, RG7 & RG11 coaxial and also flat satin phone cable
- Complete cutter/stripper to handle all of your smart home installations
- Spring-loaded
- Adjust blade cutting depth for network cable with simple thumb screw
- Coax stripping blades are pre-set for 2-level, .25"strip for compression "F", BNC, RCA & cable TV "F" hex-crimp, twist-on or push-on connectors

CAT# PA70029

UNIVERSAL CABLE STRIPPER

- Strips Cat5, Cat5e & Cat6 datacom & other round cables
- Adjustable blade stripping depth
- Strips flat cables such as telephone, intercom, alarm, or speaker wire
- Also cuts network and phone cables

CAT# PA70003

WIRE STRIPPERS – 22-10 AWG AND 30-20 AWG

- Cut and strip solid and stranded electrical, speaker, hook-up wire and multi-conductor cable; also cuts flat cables
- Precision-ground stripping cavities prevent scoring
- Screw cutter and wire loops embedded in frame
- Spring-loaded closure; built-in safety lock
- Gripping jaws on front of tool

22-10 AWG Wire Stripper
also strips internal wires of ROMEX®* non-metallic building electrical wire

CAT# PA70056

30-20 AWG Wire Stripper

CAT# PA70057

Wire Stripper Bundle
includes 70056 & 70057 strippers

CAT# PA70058

Romex®* is a federally registered trademark owned by Southwire Company.

CRIMPING AND PUNCHDOWN TOOLS

The next step in the process is to terminate your connectors to make cords or to install your jacks. Crimp tools terminate connectors onto cable to make custom-length cords. Punchdown tools are a special tool designed to properly install cable into computer and phone jacks or patch panels.

CABLE TV "F" RATCHETED CRIMPER

- Crimps RG6 & RG6 Quad shield cable TV "F" hex-crimp connectors
- Crimp dimensions: .068/.324/.360" (1.7/8.3/9.1 mm) HEX
    - .324" used on RG6
    - .360" used on RG6 Quad
- Fully-ratcheted for easier crimps; built-in safety release

CAT# PA70006

BNC/TNC RATCHETED CRIMPER

- Crimps RG58, RG59 & RG62AU BNC/TNC connectors used for closed circuit TV cameras
- Crimp dimensions: .256/.213/.068" (6.5/5.4/1.7 mm) HEX
- Fully-ratcheted for easier crimps; built-in safety release

CAT# PA70015

NON-RATCHETED STYLE CRIMPING TOOLS

RJ45 & RJ11/12 MODULAR PLUG CRIMPER

- Our most popular crimper to assemble computer and phone cords
- Crimps RJ45 computer and RJ11 or RJ12 phone connectors
- Cuts and strips round Cat5, Cat5e or flat satin phone cable

CAT# PA70005

NON-RATCHETED CABLE TV "F" CRIMPER

- Manual crimper for RG6 & RG6 Quad cable TV "F" hex-crimp coaxial connectors
- .324" & .360" (8.3 & 9.1 mm) crimp cavities
  - .324" used on RG6
  - .360" used on RG6 Quad
- Designed for small projects

CAT# PA70010

ALL-IN-ONE CABLE TV TOOL

- Make cable TV cords with a single tool
- Cuts and strips RG6 coaxial cable
- Crimps RG6 hex-type cable TV "F" connectors
- Spring-loaded, manual crimper
- Designed for small projects

CAT# PA70031

COMPRESSION-STYLE CRIMPING TOOLS

CABLE TV "F" COMPRESSION CRIMPER

- Easily crimp cable TV "F" compression connectors for satellite, digital cable, HDTV and cable modems
- Works with RG6, RG6 Quad and RG59 coax cable
- Compression "F" RG6 or RG6 Quad cables will improve picture quality and modem performance
- Compatible with DataShark and Paladin Tools connectors and all cable TV "F" connectors with 20.3 mm standard length

CAT# PA70014

COMPRESSION CRIMPER FOR RCA, BNC & CABLE TV "F" CONNECTORS

- Build custom cables for home theater, security, cable TV and satellite including digital/analog audio, component video, closed circuit TV, digital cable, HDTV and more
- Tool crimps RCA and BNC compression connectors; adapter (included) snaps into tool to also terminate cable TV "F" connectors
- Crimps RG6, RG6 Quad and RG59 coax cable connectors
- Works with DataShark and Paladin Tools connectors

CAT# PA70052

ADJUSTABLE COMPRESSION CRIMPER

- Assemble custom-length cables for home entertainment and security systems using compression connectors
- Crimps most common compression RCA, BNC & cable TV "F" connectors
- Fully adjustable to accommodate different sized compression connectors from various manufacturers
- Includes adapter for cable TV "F" connectors that conveniently stores in tool head

CAT# PA70063

RG59/6Q-7/11 COAX COMPRESSION TOOL

- Cable-holder rotates for RG59/6/6Q or RG7/11 connectors
- Adjustable crimp length accommodates most manufacturers' connectors

CAT# PA70020

PUNCHDOWN TOOLS

NON-IMPACT 110 PUNCHDOWN TOOL

- Terminate Cat5, Cat5e & Cat6 cable into 110-style wall jacks and patch
panels for computer and phone systems
- Quality tool at affordable price
- Comfortable handle
- Terminates wire into jack or panel and cuts off excess wire in a single step

CAT# PA70034

DIGITAL CABLE AND SATELLITE TOOL KIT WITH COMPRESSION-STYLE CONNECTORS

- Install additional television outlets, move existing ones or add cable modem jacks

- Enhance your favorite movies or TV shows with high-quality audio and video outputs with compression cable TV "F" system

- Compression connectors are watertight and can be used in high-moisture environments

- Tools and connectors fit in a blow-molded storage case

- Kit includes:

	Part No.
Round Cable Cutter	PA70001
Coax Stripper	PA70002
Cable TV "F" Compression Crimper	PA70014
(10) compression cable TV "F" connectors for RG6/RG6 Quad	PA70024

CAT# PA70019

SECURITY TOOL KIT FOR CLOSED CIRCUIT TV (CCTV)

- Assemble custom-length compression BNC cables to connect surveillance cameras to your security system

- Tools and connectors fit in a blow-molded storage case

- Kit includes:

	Part No.
Coax Stripper	Available only in kits
Compression Crimper for RCA, BNC & CATV "F" connectors	PA70052
Set of slip-on color bands for easy cable identification included with RCA & BNC connectors	Available only in kits

CAT# PA70042

DIY COMPUTER AND PHONE CRIMP BUNDLE

- Complete tool bundle along with modular plugs to make custom RJ45 computer or RJ11 phone cables

- Bundle includes:

	Part No.
Universal Cable Stripper	PA70003
RJ45 & RJ11/12 Modular Plug Crimper	PA70005
(10) RJ45 Cat5e Data Plugs for solid or stranded; flat, round or oval cable	Available only in kits
(10) RJ11 Phone Plugs for solid or stranded; flat, round or oval cable	Available only in kits

CAT# PA70009

NETWORK TOOL BUNDLE

- Install, maintain or make changes to your computer network
- Bundle includes:

	Part No.
Universal Cable Stripper	PA70003
RJ45 & RJ11/12 Modular Plug Crimper	PA70005
Non-Impact 110 Punchdown Tool	PA70034
(10) RJ45 Cat5e Data Plugs for solid or stranded; flat, round or oval cable	Available only in kits

CAT# PA70016

DIGITAL CABLE AND SATELLITE TOOL BUNDLE

- Make compression cable TV "F" connections like the pros
- Bundle includes:

	Part No.
Round Cable Cutter	PA70001
Coax Stripper	PA70002
Cable TV "F" Compression Crimper	PA70014
(10) Compression Cable TV "F" connectors for RG6/RG6 Quad	PA70024

CAT# PA70018

CABLE TIE GUN

CABLE TIE GUN

- Works with plastic cable ties up to .25" in width
- Adjustable tension for changing cable bundle pressure
- Automatically cuts off excess cable tie
- Neatly fastens and cuts in one action

CAT# PA70076   Useful for all applications

TESTER KIT

RJ45 NETWORK TESTER KIT

- Quickly and easily test your computer patch cables or installed cable

  runs to verify good connections or to troubleshoot problems
- Identifies good connections, opens, shorts, and cross-connections
- LED clearly lights for each pin and maps the cable as the unit goes through the automatic test cycle
- Cable test begins once the cable is plugged into the unit and the tester's power button is "on"
- Choice of fast or slow display speeds
- Kit includes:

  Main unit to transmit signals and to test patch cords

  Remote unit for testing installed cable runs

  (2) RJ45 patch cords to connect tester to wall jack or patch panel

  Convenient carrying case

CAT# PA70025

CONNECTORS & ACCESSORIES

BNC FEMALE-TO-RCA MALE ADAPTERS

- Adapt BNC cable to plug into RCA jack without need for new cabling
- Connect CCTV cables to DVRs, entertainment centers, VCRs, DVDs, camcorders and other items
- Solid brass with nickel plate

2 Pack Clamshell

CAT# PA70054
