

**Trunking** **TMK0812L**  
"L" Section for TMK 0812

## Description

- L Section, enables installation by avoiding special cuts
- Color: White
- Accessory weight: 0.00088 kg
- Working temperature -40°C to +85°C
- Resistance to humidity and corrosive environment
- High dielectric stiffness
- Complies with requirements from standard NOM-001-SEDE-2005
- For installation: Easy and simple pressurized installation over the chute.

\* Dimensions (mm)

## Materials

- Self-extinguishable ABS
