

## M180™ SERIES

### MULTI-MOUNT

M180S-B

The M180™ combines three lights into one compact device making it one of the most versatile lights offered in the exterior lighting product line. It casts 180° of single- or dual-color light and its low-profile design allows for multiple surface mounting options. Features include a custom bracket for all pursuit vehicles, dozens of flash patterns, puddle light, takedown lightheads and a sync function with Chase™, MR6 and MegaThin™ exterior lights.

|                       |                                                                                                                                                                                                                                                                                                                         |
